COURSE OFFERINGS 16 HOUR CLASSES SATURDAY AND SUNDAY MARCH 16—17, 2024

PUMP OPERATIONS I (PUOP)

FSC 420.001

PREREQUISITES: IST OR INTRODUCTION TO THE FIRE SERVICE AND 18 YEARS OF AGE FIRST DAY OF CLASS

This course provides the fire fighter with an introduction to basic pump construction and theory as well as operating techniques. Emphasis is placed on getting water to the pump, getting water from the pump to hose lines, and prevention of common mistakes in pump operations.

GEAR: TURN OUT GEAR

PUMP OPERATIONS II (PUOA)

FSC 421.001

PREREQUISITES: PUOP AND MUST BE 18 YEARS OF AGE FIRST DAY OF CLASS

This course is designed to instruct the student in advanced techniques of operating pumps. Topics covered include friction loss, relay pumping, master streams and elevated master streams.

GEAR: TURN OUT GEAR

FORCIBLE ENTRY (TFE)

FSC 700.001

PREREQUISITES: ESSENTIALS OF FIRE FIGHTING or EXTERIOR FIRE FIGHTER.

MUST BE 18 YEARS OF AGE.

GEAR: TURN OUT GEAR, GOGGLES OR SAFETY GLASSES (HELMET FACE SHIELDS ARE NOT SUFFICIENT EYE PROTECTION!)

This course will provide the fire fighter with a better understanding of building construction. Also covered are opening techniques and the use of tools for safe and quick access into a structure.

ATTENTION! THERE IS AN ADDITIONAL \$65.00 LAB FEE FOR EXPENDABLE ITEMS TO BE CUT AND FORCED FOR THIS PROGRAM. A TOTAL OF \$135.00 PER STUDENT TO ENROLL IS REQUIRED WHEN YOUR REGISTRATION FORM IS SUBMITTED.

ENGINE COMPANY OPERATIONS (ECOP)

FSC 205.001

PREREQUISITES: EBM OR INTERIOR FIRE FIGHTING OR FF-1 CERT.

MUST BE 18 YEARS OF AGE.

GEAR: TURN OUT GEAR, SCBA

This course provides instruction in the duties and responsibilities of an engine company. Topics include: fire behavior and spread in structures, positioning of apparatus, use of attack and backup lines, search and rescue, and water supply. A series of hands-on drills involving various engine company evolutions follows the classroom discussion.

ROPE/HIGH ANGLE RESCUE I (RORE)

FSC 340.001

PREREQUISITES: 16 YOA BY THE FIRST DAY OF CLASS

GEAR: HELMET WITH CHIN STRAP (fire, construction or climbing helmet), EYE PROTECTION (safety glasses or goggles), CLEAN LEATHER GLOVES, WORK OR HIKING BOOTS, OUTDOOR WORK CLOTHING OR COVERALLS AND A CLASS III HARNESS.

FIRE FIGHTER TURNOUT GEAR IS NOT APPROPRIATE FOR THIS CLASS. (Helmet face shields are not suitable eye protection)

STUDENTS WILL ALSO NEED A 15 FOOT SECTION OF ROPE AND A 15 FOOT PIECE OF TUBULAR WEBBING FOR KNOT PRACTICE.

Students in this course will be introduced to the various types of rope and related rescue equipment. Students will be training in tying of the basic knots and hitches used in rope rescue, basic rappelling techniques, tie-offs, self-rescue, basic litter tie-ins, and basic litter handling skills. Much of the program is hands-on and time is allotted for practice in order to build proficiency.

TRUCK COMPANY OPERATIONS I (TRCO)

FSC 209.001

PREREQUISITES: EBM OR EQUIVILANT / TRUCK 1

MUST BE 18 YEARS OF AGE.

GEAR: TURN OUT GEAR, SCBA

The student will be introduced to the basic concept of truck company operations as part of an organized, coordinated structural fire suppression operation. Truck companies, regardless of whether they arrive on an aerial device, squad, or engine, are the 'combat engineers' of fire attack operations. This course, for experienced fire fighters, will introduce the student to the basic concept of truck company operations and duties, including organizing the delivery of truck company services, selection and use of key tools, advanced ventilation and forcible entry theory and practices, search and rescue, and other fire attack support functions.

ADVANCED FIRE POLICE (AFPO)

FSC 0635.001 MUST BE 18 YEARS OF AGE OR OLDER

GEAR: NONE

This course expands on the knowledge, skills and abilities presented in the Basic Fire Police curriculum and provides fire police officers with more advanced training for leadership positions within fire police organizations. This course provides instructional review of the laws pertaining to fire police powers and the expected duties of a fire police officer to include health and safety and legal aspects of performance. Fire Police Officers will also be taught how to deal with people, how to manage incident response and leadership qualities. Tabletop scenarios will be presented to reinforce the lessons introduced in regards to incident management and response.

INTRO TO FIREOFFICERSHIP (INFO)

FSC 0226.001 MUST BE 18 YEARS OF AGE OR OLDER

GEAR: NONE

This course will give those students wishing to become Fire Officers, the ability to function safely and effectively as a management component of a fire/rescue organization. Effective management skills and styles will be covered as well as effective communications, progressive discipline, philosophy of management, organizational skills, and Company Officer strategy and tactical considerations.

INTRODUCTION TO THE FIRE SERVICE (ELIS)

FSC 3459.001 / 3459.002

PREREQUISITES: MUST BE 14 YEARS OF AGE BY FIRST DAY OF CLASS

GEAR: TURN OUT GEAR

This entry level course is designed to introduce new firefighters to basic information including an overview of the fire service, fire service organization, firefighter safety, personal protective equipment, tools and emergency lighting, and backing apparatus. This is the first of five levels (courses) in the curriculum

ATTENTION! ALL STUDENTS MUST BRING AN IFSTA ESSENTIALS OF FIREFIGHTING 6th EDITION TEXT BOOK. THESE ARE NOT SUPPLIED FOR THIS COURSE!

STUDENTS REPORTING TO CLASS WITHOUT THE REQUIRED TEXT BOOK AND WORK/SKILLS BOOKS WILL NOT BE ADMITTED AND THE WEEKEND REGISTRATION FEE WILL BE FORFEITED! ALL STUDENTS ATTENDING THIS PROGRAM WILL RECEIVE A MANDATORY READING ASSIGNMENT LETTER TO PREPARE FOR THIS PROGRAM IN ADVANCE!

COURSE OFFERINGS SATURDAY MARCH 16, 2024

PICK AND CHOOSE A COMBINATION OF HALF DAY OR FULL DAY CLASSES LISTED BELOW TO FILL OUT YOUR TRAINING WEEKEND

Classes marked AM will be in the Morning. Classes marked PM will be in the Afternoon

SATURDAY MORNING CLASSES

SOLAR PANEL AWARENESS FOR THE FIRE SERVICE

FSC 0381.001 CLASS IS ON SUNDAY PM (4 HRS)

Description: This 4 hour course is intended for Emergency Responders, as well as, other private or municipal agencies. This course is an awareness level program covering system types, code compliant installations, associated hazards, and safe work practices near solar PV systems. The course will introduce students to solar PV system operation, components, design and recommended practices.

FIRE DYNAMICS ATTIC FIRES

FSC 1060.001 CLASS IS ON SATURDAY AM (4HR CLASS)

PREREQUISITES: 14 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

Building upon knowledge gained from Fire Dynamics Fundamentals and Fire Dynamics Strategy & Tactics, the student will have a better understanding of Size-Up, Command, Fire Attack, and Fire Ground Support as it pertains to Attic Fires

WATER RESCUE AWARENESS (WRFRA)

FSC 0580.001 CLASS IS ON SATURDAY AM (3HR CLASS)

PREREQUISITES: 18 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

This program discusses the characteristics of water-related emergencies and the health and safety risks to First Responders. This program addresses the common hazards associated with water rescue emergencies, as well as, the First Responder's initial role, on-scene responsibilities, and Responder limitations. This course will assist to increase the First Responder's ability to maintain scene/rescuer safety and control. During this program, students are introduced to important safety procedures related to weather exposure and physiological conditions, near drowning, personal protective equipment, including PFD (Personal Floatation Devices), and initial action plan development for water rescue emergencies will also be presented in this program.

THE ART OF READING SMOKE

FSC 0989.001 CLASS IS ON SATURDAY AM (4HR CLASS)

PREREQUISITES: 16 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

This program will cover this is an important skill of reading smoke since fighting fires in the year 2006 and beyond will be unlike the fires we fought in the 1900's. Composites, lightweight construction, engineered structures, and unusual fuels will cause hostile fires to burn hotter, faster, and less predictable.

SATURDAY AFTERNOON CLASSES

KNEE WALLS & HAZARDS OF HIDDEN FIRES IN WOOD FRAME STRUCTURES

FSC 1054.001 CLASS IS ON SATURDAY PM (4 HR CLASS)

PREREQUISITES: 14 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

This course will use real-life examples to illustrate the threats posed by smoke explosions and extreme fire development pose by fires in knee walls concealed spaces of wood frame structures. Case studies from several Pennsylvania incident. For all levels of firefighters, from incident commanders to line firefighters and Safety Officers.

LITHIUM-ION BATTERY INCIDENTS

FSC 1053.001 CLASS IS ON SATURDAY PM (4 HR CLASS)

PREREQUISITES: 14 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

Lithium-ion battery incidents have proven to be a challenge to the fire service requiring extended manpower hours and copious amounts of water to extinguish them. Most fire department actions have been a "Press Pause" for them to only reignite hours, days, or weeks later. This program will cover chemical/physical properties, terminology, causes of failure, chemical/physical hazards, recognition/identification, firefighter safety, reference resources, operation modes, extinguishing/cooling methods, secondary responder guidance, incident termination, and educational resources for responders and the community. The program will cover incidents involving electric vehicles, mobility devices, electronic devices, tools/equipment, transportation shipping, and energy storage systems.

SURFACE ICE RESCUE AWARENESS (SIRA)

FSC 0447.001 CLASS IS ON SATURDAY PM (2.5HR CLASS)

PREREQUISITES: 18 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

To goal of this program is to provide the student with the initial necessary knowledge for responding to ice immersion emergencies. Surface Ice Rescue Awareness will provide the student with the knowledge to size up an ice immersion emergency, provide for rescuer safety, provide site control and scene management and determine the necessary additional resources needed to mitigate the emergency. Surface Ice Rescue Awareness will assist an organization with becoming NFPA 1670 compliant with Ice Rescue Awareness.

THE ART OF READING SMOKE

FSC 0989.002 CLASS IS ON SATURDAY PM (4HR CLASS)

PREREQUISITES: 16 YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

This program will cover this is an important skill of reading smoke since fighting fires in the year 2006 and beyond will be unlike the fires we fought in the 1900's. Composites, lightweight construction, engineered structures, and unusual fuels will cause hostile fires to burn hotter, faster, and less predictable.

SATURDAY 8 HR CLASSES

HEAVY TRUCK RESCUE (8 HR CLASS) (MAX 20 STUDENTS PER SESSION)

FSC 0622.001

PREREQUISITES: 18 YOA OR OLDER,

GEAR: TURN OUT GEAR

This program addresses the hazards and resource demands for extrication emergencies involving large and heavy vehicles. Addressed in this program, are vehicle design considerations, weight distribution hazards, payloads, strength points, and special hazard considerations. The course teaches the student how to assess, stabilize, and access vehicles of greater size and weight. Students will learn how to address special resource needs encountered during extrication emergencies.

VEHICLE EXTRICATION STRATEGIES AND TACTICS (8 HR CLASS) (MAX 20 STUDENTS PER SESSION)

FSC 2474.001

PREREQUISITES: STUDENT MUST BE 16 YEARS OF AGE THE FIRST DAY OF CLASS.

GEAR: TURN OUT GEAR – EYE PROTECTION – SAFETY GLASSES OR GOGGLES

This course will provide an awareness level of information and skills as it pertains to vehicle rescue incidents. Topics will include general vehicle rescue function/operation; incident management of the vehicle accident/rescue incident; vehicle anatomy, design, and construction; recognition and control of hazards relative to a vehicle accident/rescue incident; and the tools and equipment used at a vehicle accident/rescue incident.

COURSE OFFERINGS SUNDAY MARCH 17, 2024

PICK AND CHOOSE A COMBINATION OF HALF DAY OR FULL DAY CLASSES LISTED BELOW TO FILL YOUR SUNDAY MARCH 17, 2024 CLASSES

Classes marked AM will be in the Morning. Classes marked PM will be in the Afternoon

SUNDAY MORNING CLASSES

CLANDESTINE DRUG LABS AWARENESS

**FSC 827.001 CLASS IS ON SATURDAY AM (3HR CLASS)
PREREQUISITES: 18 YEARS OF AGE OR OLDER FIRST DAY OF CLASS
GEAR: NONE**

This program is designed to provide First Responders with the basic recognition and identification skills for clandestine laboratories and the dangers associated with the chemicals used to manufacture illegal drugs. The topics of discussion will include personnel safety when operating at these locations, hazardous materials and wastes produced and required interaction with law enforcement. Participants must be current members of a recognized First Response agency.

ALTERNATIVE ENERGY VEHICLES

**FSC 602.001 CLASS IS ON SUNDAY AM (4HR CLASS)
PREREQUISITES: 14 YEARS OF AGE OR OLDER FIRST DAY OF CLASS
GEAR: NONE**

This program contains information on recent vehicle safety technology upgrades, which may pose concerns with extrication efforts. This course covers basic vehicle safety and technology changes. Safety features such as: air bag systems, seat belt systems, fuel system changes, safe work zones, vehicle construction materials, and passenger compartment upgrades. Changes to size-up, extrication techniques, and resource needs will also be presented in this program

SUNDAY AFTERNOON CLASSES

FENTANYL AWARENESS

**FSC 830.001 CLASS IS ON SATURDAY AM (3HR CLASS)
PREREQUISITES: 18 YEARS OF AGE OR OLDER FIRST DAY OF CLASS
GEAR: NONE**

This program is designed to provide First Responders with the basic recognition and identification skills for clandestine laboratories and the dangers associated with the chemicals used to manufacture illegal drugs. The topics of discussion will include personnel safety when operating at these locations, hazardous materials and wastes produced and required interaction with law enforcement. Participants must be current members of a recognized First Response agency.

FLAMMABLE GAS REVIEW

**FSC 0148.001 CLASS IS ON SUNDAY PM (4HR CLASS)
PREREQUISITES: 18 YEARS OF AGE OR OLDER FIRST DAY OF CLASS
GEAR: NONE**

This program is designed to review the types and nature of flammable gases. This course will reinforce pre-existing knowledge and skills acquired by the student in previous training programs. Topics include: physical and chemical properties of flammable gases, suppression strategies, resources and equipment needs, and agent selection and application.

SUNDAY 8 HR CLASSES

HEAVY TRUCK RESCUE (8 HR CLASS) (20 STUDENTS MAX)

**FSC 0622.002 CLASS IS ON SUNDAY (8 HR CLASS)
PREREQUISITES: 18 YOA OR OLDER,
GEAR: TURN OUT GEAR**

This program addresses the hazards and resource demands for extrication emergencies involving large and heavy vehicles. Addressed in this program, are vehicle design considerations, weight distribution hazards, payloads, strength points, and special hazard considerations. The course teaches the student how to assess, stabilize, and access vehicles of greater size and weight. Students will learn how to address special resource needs encountered during extrication emergencies.

VEHICLE EXTRICATION STRATEGIES AND TACTICS (20 STUDENTS MAX)

**FSC 2474.002 (CLASS IS SUNDAY 8HRS)
PREREQUISITES: STUDENT MUST BE 16 YEARS OF AGE THE FIRST DAY OF CLASS.
GEAR: TURN OUT GEAR – EYE PROTECTION – SAFETY GLASSES OR GOGGLES**

This course will provide an awareness level of information and skills as it pertains to vehicle rescue incidents. Topics will include general vehicle rescue function/operation; incident management of the vehicle accident/rescue incident; vehicle anatomy, design, and construction; recognition and control of hazards relative to a vehicle accident/rescue incident; and the tools and equipment used at a vehicle accident/rescue incident.

ATTENTION!

There is an extra \$40.00 lab fee for all students that register for the Heavy Truck Rescue and Vehicle Extrication Strategies and Tactics

**REGISTRATION DEADLINE IS MARCH 1, 2024
MAKE SURE TO GET YOUR APPLICATIONS IN EARLY!**

COURSE OFFERINGS

16 HOUR PROGRAMS

ADVANCED RIT

FSC 770.001 Class is on Saturday and Sunday PM (16 hr Class)

PREREQUISITES: 18YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: TURN OUT GEAR, SCBA (SPARE CYLINDER)

This course will review of the Basic R.I.T. Team Exercises including size up, new techniques for locating and removing trapped and injured firefighters, information regarding recent fire fighter fatalities, and recent R.I.T. survival accounts, as well as, current R.I.T. developments. Review of forcible entry techniques including forcible entry equipment with special emphasis on building collapse. Various practical evaluation scenarios of fire fighter(s) in trouble will be conducted a under actual fire conditions will also be included.

INCIDENT SAFETY OFFICER CLASS (ISO)

FSC 108.001 Class is on Saturday and Sunday PM (16 hr Class)

PREREQUISITES: 18YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

The Safety Officer's responsibilities fall into two clear cut categories: those associated with responding at the incident scene, and those associated with managing the day to day affairs of the department. The Incident Safety Officer (ISO) course is focused on the incident and the role the Safety Officer plays as part of the Command Staff. The target audience is Company Officers (CO) who are experienced in firefighter safety issues and are familiar with an Incident Command System, hazardous materials management, and related emergency operations. The program provides the student with the decision-making process and skills required to recognize unsafe acts and conditions and take appropriate corrective actions.

ARSON DETECTION FOR THE FIRST RESPONDER (ADFR)

FSC 0734.001 Class is on Saturday and Sunday PM (16 hr Class)

PREREQUISITES: 18YEARS OF AGE OR OLDER FIRST DAY OF CLASS

GEAR: NONE

The course covers topics which fire suppression personnel must be familiar with in order to facilitate origin and cause determination and possible subsequent investigation of intentionally set fires. Upon successful completion the student will be able to provide a clear definition of the role of initial responder organizations and to provide essential knowledge to enable them to recognize the potential of an intentionally set fire, preserve evidence, and properly report the information to appropriate officials.

FLASHOVER RECOGNITION AND SURVIVAL IS A PA STATE FIRE ACADEMY ON THE ROAD PROGRAM. STUDENTS WILL EARN A CLASS CERTIFICATE FROM THE PSFA

There will be two (2) offerings for this program.

FSC 900.001 Saturday March 16, 2024

FSC 900.002 Sunday March 17, 2024

There is an additional 65.00 Lab Fee for this class that must be paid at the time of registration.

Flashover Recognition and Survival" (ZFRS)— is an 8-hour course designed to give the student the practical knowledge required to recognize and understand the phenomena called "flashover", how to identify "pre-flashover" conditions and deal with these conditions in a safe and controlled manner. The ultimate outcome is to avoid firefighters from becoming victims of this violent phenomenon. Two live fire evolutions inside the simulator are required for successful completion of this course.

STUDENTS MUST BE 18 YOA

ON THE FIRST DAY OF CLASS

Class size is limited to 14 students

Firefighters that are going to apply for the program will need to demonstrate that they have successfully completed either the

- PA Entry Level Firefighter Training Program (ELIF) with live fire; OR
- PA Entry Level Firefighter Training Program (ELIF) with no live fire AND Structural Burn Session; OR
- Essential Basic Module (EBM) AND Structural Burn Session
- Or Firefighter I certification.

Copies of the certificate will need to be submitted with the Application.

Students will be required to have full Structural Firefighting Personal Protective Equipment (PPE) including SCBA with a spare cylinder.

CLASSES THAT HAVE ADDITIONAL LAB FEES ASSOCIATED WITH THEM

THESE CLASSES WILL HAVE AN ADDITIONAL 70.00 LAB FEE FOR EXPENDABLE ITEMS TO BE CUT AND FORCED FOR THESE PROGRAMS. A TOTAL OF \$150.00 PER STUDENT TO ENROLL IS REQUIRED WHEN YOUR REGISTRATION FORM IS SUBMITTED.

**700.001—FORCIBLE ENTRY
900.001—FLASHOVER SIMULATOR**

THESE CLASSES WILL HAVE AN ADDITIONAL \$35.00 LAB FEE FOR EXPENDABLE ITEMS TO BE CUT AND FORCED FOR THESE PROGRAMS. A TOTAL OF \$115.00 PER STUDENT TO ENROLL IS REQUIRED WHEN YOUR REGISTRATION FORM IS SUBMITTED.

0622.001—HEAVY TRUCK RESCUE

2474.001— VEHICLE EXTRICATION STRATEGIES AND TACTICS

**REGISTRATION DEADLINE IS MARCH 1, 2024
MAKE SURE TO GET YOUR APPLICATIONS IN EARLY!**

COURSE OFFERINGS

Basic Rescue Task Force

FSC 0724.001 PREREQUISITES: PA. DEPT. OF HEALTH EMR,EMT,Paramedic

Basic Rescue Task Force

This course is designed to introduce EMS, fire, and law enforcement to the rescue task force concept as it pertains to responding to active shooter scenarios or acts of aggressive deadly behavior. This two day course is will train responders personal safety, life-saving techniques, provider/patient movement, triage, and other important aspects of the concept. This concept allows EMS and fire to be partnered with law enforcement officers to enter secured areas and utilize their training to treat/transport injured individuals. This course offers both classroom and realistic scenario based exercises.

Bucks County Community College Non-Discrimination Statement

Bucks County Community College does not discriminate in its educational programs, activities or employment practices based on race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, veteran status, union membership, or any other legally protected category. This policy is in accordance with state law, including the Pennsylvania Human Relations Act, and with federal law, including Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination in Employment Act of 1967 and the Americans with Disabilities Act of 1990.

IMPORTANT PLEASE READ COURSE PREREQUISITE INFORMATION

Courses that have no prerequisite requirements are considered entry level and do not require any prior knowledge of the subject matter of the course. Courses that require prerequisites are advanced level training designed to build on the student's prior knowledge of a subject. Prerequisites are REQUIRED for a particular course to ensure that the student has a basic understanding of the knowledge and skills that are necessary to complete the requirements of a course. When a chief or supervisor signs the authorization for a student to attend a class, he or she is attesting that the student has the background necessary to complete the requirements of the course. Students must complete all requirements of a class in order to receive a certificate.

STUDENTS REGISTERING FOR COURSES WHICH HAVE PREREQUISITE REQUIREMENTS WILL BE REQUIRED TO BRING COPIES OF THEIR CERTIFICATES TO CLASS ON SATURDAY MORNING. INSTRUCTORS WILL VERIFY THAT THE STUDENT IS QUALIFIED TO ATTEND THE COURSE.

Registration deadline is MARCH 1, 2024 . You may register for classes after this deadline (and up to the morning at the school on March 16, 2024). However your selection of classes will be limited to those that are not cancelled after MARCH 1 and will be subject to space availability due to class enrollment.

PRE-REGISTRATION INFORMATION

PRE-REGISTRATION DEADLINE IS MARCH 1, 2024

Applicants must be the posted years of age or older by the first date of class. All students must be authorized by their chief or supervisor to attend. Junior fire fighters may not enroll in any course which involves live fire or live fire smoke. The Pennsylvania State Fire Academy policy on facial hair will be strictly enforced.

REGISTRATIONS FOR ALL COURSES WILL BE HANDLED BY BUCKS COUNTY COMMUNITY COLLEGE, YOUR EDUCATIONAL PROVIDER. The basic fee for the MAMA Emergency Services Training Weekend is \$80.00 which includes facilities, expendable materials costs, lunch and refreshments both days. Any student who is not a resident of Pennsylvania must pay an additional \$40.00 (\$120.00 total).

ALL REGISTRATIONS MUST BE ACCOMPANIED BY A CHECK OR MONEY ORDER DRAWN TO B.C.C.C. OR A CREDIT CARD ACCOUNT NUMBER (MUST INCLUDE 3 DIGIT V CODE) OR COMPANY/DEPARTMENT PURCHASE ORDER NUMBER.

Students who register for the FORCIBLE ENTRY CLASS OR FLASHOVER SIMULATOR are required to pay an additional \$70.00 lab fee (\$150.00 total for PA residents or \$190.00 total for out of state residents.). Students who register for the HEAVY TRUCK RESCUE AND THE VEHICLE EXTRICATION STRATEGIES AND TACTICS CLASSES are required to pay an additional \$30.00 lab fee (\$110.00 total for PA residents or \$150.00 for out of state residents).

No telephone registrations will be accepted. Only students paying by credit card or company/department purchase order may fax their registration to 215-788-4906. Pre-registration is necessary and should be done EARLY. Class sizes are limited in number and are filled on a first come basis. Students are requested to select up to three of the two day seminars in order of priority. Applicants should only select courses that they desire to be enrolled in. **ANY COURSE MAY BE CANCELLED DUE TO INSUFFICIENT ENROLLMENT OR OTHER CIRCUMSTANCES.**

In case of course cancellation or if a course is filled, students are automatically placed in the next class choice indicated on the registration form. If another choice is not indicated on the form, the student's registration fee will be returned. Students will be notified of course cancellations or any other changes as soon as possible. If a student cancels his/her registration, no refund of the \$80.00 basic registration fee will be honored after MARCH 1, 2024. For additional information, phone 1-215-504-8515 For additional registrations, duplicate the form printed at the bottom of this page.

STUDENTS WILL NOT RECEIVE THEIR CONFIRMATION LETTERS UNTIL AFTER THE MARCH 1, 2024 DEADLINE SINCE THE DEADLINE IS WHEN THE COURSE CANCELLATIONS ARE DETERMINED. REGISTRATION AND LAB FEES WILL NOT BE REFUNDED FOR CANCELLATIONS AFTER THE DEADLINE OF MARCH 1, 2024
